MEMORANDUM AND ORDER
APPROVING STIPULATION

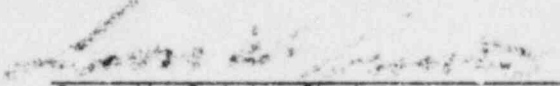

The Board approves the Stipulation of Parties of Mailgram Evidence, dated September 21, 1984. We note, as do the parties, that the long list of stipulated documents will contain information beyond the scope of the Dieckamp-mailgram issue. Moreover, we do not assume that all of the information in the documents, even if relevant to the issue, will be reliable. Therefore, even though the stipulation will greatly assist the Board and the parties in efficiently producing a complete record, the task of assuring that the evidence is reliable and probative remains. By approving the stipulation, the Board does not and may not abdicate its continuing responsibility to base any decision on reliable, probative and substantial evidence.
