Director of Nuclear Reactor Regulation

Light Water Reactor Project  
Branch No. 3

U. S. Nuclear Regulatory Commission

Subject: WPPSS NUCLEAR PROJECT NO. 4  
LISTING OF PARTICIPANTS

Reference: Letter, D. L. Renberger, WPPSS, to Olan D. Parr, NRC,  
"Contractual and Financial Arrangements," dated  
July 19, 1976.

Dear Mr. Parr:

In the reference we stated that Participants' Agreements had been fully executed for 100% of the output of WNP-4. We also indicated that the participants were approximately 89 public and cooperative utilities. At that time we had in hand 86 signed Participants' Agreements and indications that more signers of the Option Agreements intended to sign Participants' Agreements. Because most of the 86 signers of Participants' Agreements had requested a greater share of the plant's output than what might be considered their original share, the plant was oversubscribed. Thus, we were able to make the statement that 100% of the output was sold without having received notification from all 93 signers of the Option Agreements.

We now have in hand 88 fully executed Participants' Agreements and have received notification that the remaining five signers of the Option Agreements do not intend to sign a Participants' Agreement for a share of the output of WNP-4.

i.

Therefore, this will confirm that the participants in WNP-4 (and WNP-5) are 88 public and cooperative utilities (consisting of 21 municipalities, 24 public utility districts and 43 electric cooperatives) located primarily in Washington, Oregon, Idaho, and Montana. Attached is a listing of the participants and the fraction of the output of WNP-4 each is to receive.

Very truly yours,

*D L Renberger*
