Gentlemen:

We have received your letter dated July 13, 1992, which transmitted Revision 33 to the Wolf Creek Generating Station Radiological Emergency Response Plan. The plan revision was submitted pursuant to 10 CFR 50.54(q) and involved minor changes in your radiological emergency response policy. Accompanying the plan revision were revisions to several Radiological Emergency Response Plan Implementing Procedures.

We have reviewed the changes to the plan and have determined that they are acceptable and do not degrade the effectiveness of your emergency planning at Wolf Creek Generating Station.

Should you have any questions concerning this letter, please contact Dr. D. Blair Spitzberg at (817) 860-8191.

Sincerely,

  
A. Bill Beach, Director  
Division of Reactor Projects
