(P-84500)

Dear Mr. Johnson:

In Reference 2, Public Service Company stated that supplemental training in Administrative Procedure G-9, "Controlled Work Procedures", Issue 6, would be provided by January 30, 1985. Due to the training requirements concomitant with the Fort St. Vrain Control Rod Drive refurbishment program, we have not completed the G-9 training. The training is currently in progress, and all scheduled training sessions will be held by March 1, 1985. Anticipating that some makeup training will be required, supplemental training in procedure G-9 should be complete by March 15, 1985.

If you have any questions on this matter, please contact Mr. M. H. Holmes at (303) 571-8409.

Sincerely,

J. W. Gahm  
Manager, Nuclear Production  
Fort St. Vrain Nuclear
