Docket No.: 50-412

Dear Mr. Arthur:

SUBJECT: NRC STAFF MANAGEMENT ACTIONS INITIATED ON BEAVER VALLEY 2 LICENSING REVIEW

Recently, we revised the SER issuance date for your project. In addition, because of the number of important safety issues undergoing review in connection with the appeal process, we have taken steps to streamline this process by eliminating the appeal at the Assistant Director level and have decided that all pending appeals should be evaluated at the Division Director level.

We request your cooperation to promptly inform us of any backfit items (other than the current sixteen) that you wish to identify so that all issues can be evaluated in an integrated approach.

Sincerely,

Original Signed by
H. R. Denton
