In the Matter of  
PACIFIC GAS AND ELECTRIC COMPANY  
(Diablo Canyon Nuclear Power Plant, Units 1 and 2)  
Docket Nos. 50-275 OL and 50-323 OL

Dear Members of the Appeal Board:

In its Order of October 12, 1984, the Appeal Board instructed the Staff to inform it of any change in the anticipated date of issuance of the Safety Evaluation Report Supplement addressing Unit 2 design verification. The Staff previously indicated that the document would issue sometime in December 1984.

Based on a more recent assessment, the Staff currently estimates that the SER Supplement on Unit 2 design verification will issue in January 1985; a more precise date cannot be provided at this time. We will, of course, keep you advised of any change in the schedule and, if possible, provide a precise date when one has been established.

Sincerely,

*Lawrence A. Chandler*
