This refers to the routine physical security inspection conducted by Mr. J. L. Belanger of this office on October 23, 1984, of activities under 10 CFR Parts 25 and 95, and to the discussion of our findings with Mr. W. Burch, Security Officer, on October 23 and 26, 1984.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

No items of noncompliance were identified during the course of this inspection. However, it came to our attention that you received classified documents transmitted by a commercial courier. To date, no agreements have been made with any commercial firms for such services. This matter will be forwarded to the appropriate Regional office for review.

Areas examined during the inspection concern a subject matter which is exempt from disclosure according to Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Consequently, our report of this inspection will not be placed in the Public Document Room.
