Subject: Cygna Attendance at NRC Meeting: 2/26-2/28 and 3/5-3/7
Comanche Peak Steam Electric Station
Independent Assessment Program - all phases
Job No. 84056

Dear Mr. George:

It is Cygna's understanding that the NRC has scheduled a series of meetings with TUGCO in the next two weeks to discuss the results and status of the staff reviews. The NRC has indicated that many of the proposed topics overlap Cygna's earlier findings, open items, and/or on-going work activities.

To ensure that Cygna fully understands TUGCO's position on certain subjects and to eliminate any possible duplication of questions which may have been asked by the NRC, Cygna proposes to attend these meetings as part of the Phase 4 work unless instructed otherwise.

Please advise me if TUGCO does not wish to have Cygna representatives attend.

Very truly yours,

N. H. Williams
Project Manager
