Dallas, Texas 75201

Subject: TUGCO Meeting Schedule  
Texas Utilities Generating Company  
Comanche Peak Steam Electric Station  
Independent Assessment Program - Phase 4  
Job No. 84056

Dear Mr. Beck:

On February 27, 1985, Cygna was informed that TUGCO wished to arrange a meeting with Cygna on March 13, 1985. This meeting was to be held at the Cygna San Francisco office. Cygna was requested by the NRC to obtain a court reporter for this meeting. Since that time, we have been informed by Ms. J. van Amerongen that the meeting must be rescheduled for March 14. This date is acceptable to us, however, we request immediate confirmation of this date so the appropriate arrangements can be made for court reporters and meeting place. We also request an agenda one week before the meeting to prepare for the meeting and schedule availability of appropriate project personnel.

Very truly yours,

N.H. Williams  
Project Manager

NHW/ajb
