Gentlemen:

We have received your letter dated June 15, 1992, which transmitted Revision 14 to the South Texas Project Emergency Response Plan. We have reviewed Revision 14 and have determined that it is acceptable and does not appear to degrade the effectiveness of your emergency planning at the South Texas Project.

Revision 14 includes the following changes: updated staff augmentation table reflecting changes previously approved by NRC, clarifications pertaining to the use of the emergency response data system, and updated letters of agreement and editorial corrections.

Should you have any questions concerning this letter, please contact Mr. Nemen M. Terc at (817) 860-8129.

Sincerely,

A. Bill Beach, Director
Division of Reactor Projects
