Docket No. 50-483

Union Electric Company
ATTN: Mr. Donald F. Schnell
Senior Vice President - Nuclear
Post Office Box 149 - Mail Code 400
St. Louis, MO 63166

Dear Mr. Schnell:

The changes included in your Quality Assurance Program description submittal dated June 8, 1992, have been reviewed in accordance with 10 CFR 50.54(a). Questions resulting from this review were discussed between Mr. F. Maura of this office and Mr. J. Laux and others of your staff during telephone conferences on June 18 and July 22, 1992. As a result of these discussions you submitted corrected page A-13 and additional information on July 28, 1992, to justify the reduction in commitment identified during our review. We have completed our review and based on the information provided on July 28, 1992, we conclude that these revisions continue to meet the requirements of 10 CFR Part 50, Appendix B, and are acceptable. If there are changes to QA commitments existing in docketed correspondence outside of the Quality Assurance Program description, you are obligated to notify this office.

We appreciate your responsiveness in providing information required by 10 CFR 50.54(a)(3). Please contact Mr. Bruce Burgess of my staff at (708) 790-5575 with any questions you may have regarding this matter.

Sincerely,
