

Advisory Council
On Historic Preservation
1522 K Street N.W.
Washington, D.C. 20005

July 28, 1975

Mr. A. Giambusso, Director
Division of Reactor Licensing
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

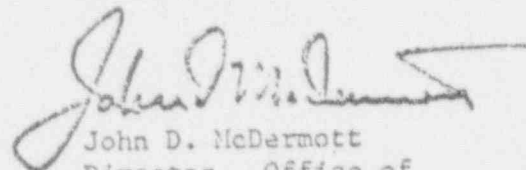

Dear Mr. Giambusso:

The Advisory Council has received your proposal concerning the Earnest Witte Site (41AU36), Austin County, Texas, and the proposed construction of the Allen Creek Nuclear Generating Station, Units One and Two. We have reviewed the proposal and have determined that it is sufficient. Therefore, pursuant to Section 800.5 of the "Procedures for the Protection of Historic and Cultural Properties" (36 C.F.R. Part 800), the Memorandum of Agreement for the project is enclosed.

The Memorandum has been signed by Robert R. Garvey, Jr., Executive Director of the Advisory Council. Please sign and date the enclosed Memorandum of Agreement and forward it with its attached proposal to the Texas State Historic Preservation Officer, Mr. Truett Latimer, Executive Director, Texas State Historical Survey Committee, Post Office Box 12275, Capitol Station, Austin, Texas 78711, for his dated signature. Thereafter, the Memorandum, with the attached proposal, must be returned to this office for approval by Clement M. Silvestro, Chairman of the Council. Ratification by Chairman Clement M. Silvestro of the Memorandum of Agreement will complete the "Procedures for the Protection of Historic and Cultural Properties," and the undertaking may then proceed. A copy of the executed document will be provided for your records and it will serve as evidence of agency compliance.

Thank you for your cooperation.

Sincerely yours,

John D. McDermott
Director, Office of
Review and Compliance
