Subject: Request for Comment on draft RIS, "Clarification of Personnel Access Authorization Requirements for Non - Immigrant Foreign Nationals Working at Nuclear Power Plants" (Docket ID NRC-2020-0073)

Florida Power & Light Company hereby requests an extension of time to provide comments on the Draft RIS, "Clarification of Personnel Access Authorization Requirements for Non - Immigrant Foreign Nationals Working at Nuclear Power Plants," on behalf of itself and of its affiliates, NextEra Energy Seabrook, LLC, NextEra Energy Duane Arnold, LLC, and NextEra Energy Point Beach, LLC (collectively, "NextEra"). The NRC published the Draft RIS for comment in the *Federal Register* on March 31, 2020 (85 Fed. Reg. 17770). The NRC's notice requests public comments by April 30. Verifying the true identity of individuals seeking access to nuclear plants is important to NextEra. However, this spring, the NextEra Access Authorization/Fitness for Duty staff has been focused on supporting multiple refueling outages across the NextEra fleet during the challenging Covid-19 pandemic and will not be able to supply substantive comments by April 30. Therefore, NextEra requests an extension of the time to comment to May 29, 2020.

Respectfully,

A handwritten signature in black ink, appearing to read "W. L. Parks", is written over a light blue horizontal line.

William L. Parks
