ORDER

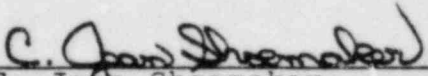

On November 19, 1984, Three Mile Island Alert (TMIA) filed with us a motion for directed certification regarding the Licensing Board's November 9 ruling excluding testimony by former NRC commissioners Peter Bradford and Victor Gilinsky. TMIA requests expedited consideration of its motion because hearing on the issue involved (the Dieckamp mailgram) is scheduled to conclude on or about December 4.

We direct that all answers to TMIA's motion be in our hands by no later than close of business, Wednesday, November 28, 1984.*

* Because TMIA's certificate of service shows that it hand-delivered its motion to counsel for licensee and the NRC staff on November 19, their replies would have been due November 29 and December 4, respectively.

It is so ORDERED.
