MEMORANDUM FOR: Chairman Palladino

Commissioner Roberts
Commissioner Asselstine
Commissioner Bernthal

FROM: William J. Dircks
Executive Director for Operations

SUBJECT: ADDITIONAL DOCUMENTS RESPONSIVE TO UDALL/MARKEY
REQUEST OF NOVEMBER 8, 1983

Attached are two additional documents which we have identified as responsive to Congressmen Udall's and Markey's request of November 8, 1983.

These documents were brought to the Staff's attention through OIA who, in the course of their own document review, came across copies of them in their own files. If in our continuing efforts we should identify any additional responsive documents, I shall promptly forward them to you for transmittal to the Congressmen.

We have also identified (i) a number of draft responses to an earlier Udall/Markey letter, together with transmittal memoranda to the Commission and handwritten notes on the draft responses; (ii) several recent documents, originated in 1983, related to leak rate practices at TMI-1; (iii) a number of staff-originated documents either addressed to a Commission-level office (OIA), or copies to Commission-level offices (OIA, OI, OGC); and (iv) a memorandum to OGC, transmitting a copy of the November 8 letter. These documents are not enclosed, as we do not construe the November 8 letter as encompassing these categories of documents.

(Signed) William J. Dircks
