SUBJECT: OIA MEMO DATED AUGUST 16, 1983 ON CONTACTS
WITH THE DEPARTMENT OF JUSTICE

I suggest, as a result of the subject memo, that the EDO designate a member of the NRC staff to provide the assistance requested by Mr. West on the leak rate investigation.

I plan to address at a future management meeting the issue raised in the last paragraph of the Cummings memo as well as the general matter of interface with the Justice Department.

I request that SECY track responses to this memo.
