I enjoyed meeting & talking with you yesterday at the DeLo hearings at Lemerick. You did the right thing in walking out on the young photographers.

One thing is lacking in your hearings and, while you may say it infringes on a person's rights, I do think that people should be made to say who they are and what they or their spouse does for a living.

The girls with the cute little children who spoke after me sat near me in the back of the

room had husbands who worked for  
Peco or the contractor building  
the Lamerick station. This fact, which  
was not brought out, makes their  
testimony sound great rather than  
being slanted to protect their  
husband jobs.

I feel you + your two  
associate should know this and  
in the future get this kind of  
testimony into the records.

You know, as a lawyer,  
that only when you get all the  
facts can you make a sound  
decision.

Best wishes for the holidays.

Sincerely

Hampton C. Land, Jr.
