Barbara A. DeBuono, M.D., M.P.H.  
Director of Health  
Cannon Building  
Three Capitol Hill  
Providence, RI 02908-5097

Dear Dr. DeBuono:

Thank you for your letter of July 23, 1992, responding to our comments and recommendations resulting from our review of the State's radiation control program which were sent to you in our letter dated February 6, 1992.

We appreciate the positive actions you and your staff are implementing with regard to our comments. We expect that the State will continue to conduct the program in the same excellent manner as in the past. You indicated in your letter that a revised enforcement policy statement would be ready by July 1992. We would appreciate an opportunity to review the statement if it is currently available.

I appreciate your support of the State's radiation control program and look forward to working with you in the future.

Sincerely,

Original signed by:
