Attached is a petition to intervene submitted by counsel on behalf of B. Irene Orr, D. I. Orr, Joseph J. Macktal and S. M. A. Hasan. The petition was filed in response to an "Environmental Assessment and Finding of No Significant Impact" issued by the NRC staff as a part of staff's consideration of a request by Texas Utilities Electric Co. for an amendment of the construction permit for Comanche Peak Unit 2 (50-446). The amendment would extend the completion date for Unit 2 from August 1, 1992 to August 1, 1995. The Finding was published in the Federal Register at 57 Fed. Reg. 28885 (June 29, 1992) (copy attached). No other Federal Register notice of the proposed action was published. Additionally, the requested extension of the completion date was issued on July 28, 1992 (copy attached).
