Change in Action Completion Date

Reference: Letter from W. J. Jump to Document Control Desk  
Dated July 10, 1992 (ST-HL-AE-4127)

Part of HL&P's response to Exercise Weakness 9209-05 established a date of August 5, 1992 to determine the revised needs for round-the-clock emergency medical care at STP. HL&P has extended this date to September 15, 1992, to be consistent with STP's planning and budgeting process. This extension does not impact the schedule for implementing the changes by February 25, 1993.

The NRC Senior Resident inspector was advised of this planned change on August 5, 1992, and had no comment.
