All Control Copy Holders of  
SNPS Defueled Safety Analysis Report (DSAR)

Revision 4 to the SNPS DSAR

Attached herewith is Revision 4 to the SNPS DSAR.

DSAR Revision 4:

- 1) incorporates the SNPS Decommissioning Plan (DP) by reference and identifies the DP as the governing document;
- 2) addresses the changes resulting from the transfer of control of SNPS from LILCO to LIPA;
- 3) describes the organization and conduct of operations under LIPA ownership;
- 4) describes the LIPA QA Program which replaces LILCO QA Program.

Revision 4 consists of insertion instructions, a revised List of Effective Pages, a revised Table of Contents, and revised pages, Tables, and Figures, as appropriate.

Please acknowledge receipt of this memo and the associated documents by executing the attached document transmittal form and returning it to Document Control.
