Gentlemen:

We have received your letter dated July 30, 1992, which transmitted changes to the Waterford-3 Emergency Plan. The plan changes were submitted pursuant to 10 CFR 50.54(q) and involved recent restructuring of the site organization.

We have reviewed the changes and have determined that they are acceptable and do not degrade the effectiveness of your emergency planning at the Waterford-3 Generating Station.

Should you have any questions concerning this letter, please contact Dr. D. Blair Spitzberg at (817) 860-8191.

Sincerely,

A. Bill Beach, Director
Division of Reactor Projects
