Gentlemen:

HOPE CREEK TRAINING
HOPE CREEK GENERATING STATION
DOCKET NO. 50-354

By letter dated July, 18, 1984, Public Service Electric & Gas Company (PSE&G) submitted a description of its organization in a document entitled, "Overview of PSE&G Technical Qualifications and Management Capability in Support of the Operation of Hope Creek Generating Station". This document provided a detailed description of the nuclear organization and its management philosophy, programs and practices.

Section 5.0 of the referenced document addressed personnel training. PSE&G's training programs are defined in the Hope Creek Updated Final Safety Analysis Report (UFSAR) and are described in the Nuclear Department Training Manual. The training provisions of the July 18, 1984 letter have been superseded by the program revisions.

Should there be any questions with regard to this submittal, please do not hesitate to contact us.

Sincerely,
