Gentlemen:

SUBJECT: CRYSTAL RIVER OPERATOR AND SENIOR OPERATOR REQUALIFICATION EXAMINATIONS

This letter confirms the arrangements made in a telephone conversation on February 22, 1985, between Mr. V. Panciera of this office and Mr. M. F. Penovich, Nuclear Operator Training Supervisor, concerning the requalification examination schedule and the designation of examinees.

The seventeen individuals identified in the enclosure will be administered a written requalification examination by the NRC on March 5, 1985. They include twelve watchstanders (six reactor operators and six senior operators) and five off-shift, staff personnel. These same seventeen individuals will also be administered oral requalification examinations during the week of March 4, 1985.

If you have any questions concerning this matter please contact Mr. Bruce Wilson at (404) 221-5542.

Sincerely,

(Original signed by Brownlee)
