DEC 24 1991
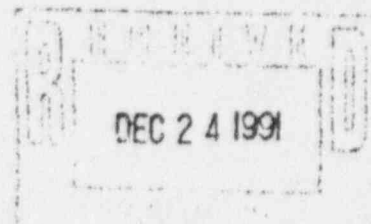

Dear Ms. Gruszynski:

This letter is to request cancellation of Radiation Isotopes License No. 05-06468-05 held by the U.S. Bureau of Mines, Denver Research Center, Denver, Colorado. This request is being forwarded in accordance with the rules and regulations set forth in Title 10, Code of Federal Regulations.

The Denver Research Center has no isotopes on hand that require a license and foresees no need for acquiring any isotopes that would require a license in the future. This license cancellation was discussed and agreed to by the Nuclear Regulatory Commission inspector during the Denver Research Center's last license inspection (copy attached). If you have any questions, please feel free to contact Mr. William F. Kimbrough of the Denver Research Center at FTS 776-0797.

Please send a confirmation of the cancellation to the following address:

Bureau Safety Manager

SUMMARY

Left word on Mr. Kimbrough's machine.

11/22/91 - Mr. Kimbrough called to state they have sent a letter through their coordinator requesting that their license be terminated. I asked him to send a copy of letter to RIV.

I told Mr. Kimbrough that we would retire the file since we would not receive letter before expiration.

ACTION REQUIRED

await letter + retire
