RESPONSE TO NRC GENERIC LETTER 84-15/REQUEST
TO AMEND DIESEL GENERATOR TECHNICAL SPECIFICATIONS

Gentlemen:

Due to typographical errors in our letter NED-84-085 dated November 7, 1984, we hereby submit a correction to page 3/4 8-3 of Plant Hatch Unit 2 Technical Specification. The error (2764 kw instead of 2674 kw) is in the third line of paragraph 4.8.1.1.2.a.4. Also, in the same line the word "generators" should be corrected to say "generator".

If you have any questions or comments, please contact this office.

Very truly yours,

L. T. Gucwa
