

NOV 02 1984

Mississippi Power and Light Company  
ATTN: Mr. J. B. Richard  
Senior Vice President, Nuclear  
P. O. Box 1640  
Jackson, MS 39205

Gentlemen:

SUBJECT: FEMA FINAL REPORT OF THE GRAND GULF POWER STATION EXERCISE CONDUCTED  
ON APRIL 11, 1984

Enclosed is the Federal Emergency Management Agency's Final Report of the Grand Gulf Emergency Exercise conducted on April 11, 1984, regarding exercise participation by the State of Louisiana and Tensas Parish, Louisiana. FEMA comments regarding participation of the State of Mississippi were forwarded to you as an enclosure to our letter of October 3, 1984.

Your attention is directed to the offsite deficiencies identified by FEMA in the enclosed report. We encourage you to assist the State of Louisiana and Tensas Parish to correct the deficiencies disclosed. Resolution of these items should be completed prior to the next full scale exercise.

We also encourage you to work closely with the State and Tensas Parish in the development of the scenario for the next full scale exercise which will effectively test those areas in which the previous deficiencies were identified.

Your cooperation in this matter is appreciated.

Sincerely,

David M. Verrelli, Chief  
Reactor Projects Branch 1  
Division of Reactor Projects

Enclosure:  
FEMA Final Report Grand Gulf Nuclear  
Station Exercise of April 11, 1984
