Office of Nuclear Reactor Regulation
Attn: John F. Stolz, Chief
Operating Reactors Branch No. 4
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Stolz:

Three Mile Island Nuclear Station Unit 1 (TMI-1)
Operating License No. DPR-50
Docket No. 50-289
Status of TMI-1 Technical Specification Change Requests (TSCRs)

Attached is a table which provides an updated status of TSCRs for TMI-1 which have not yet been approved by the NRC. This table should facilitate a mutual understanding of the status of each pending TSCR.

It is requested that the priority for NRC review and approval be given to TSCRs 105 and 116.

We request, as in previous TSCR status reports, to be notified by telephone of any amendment that is issued with an implementation different than requested.

The Operating License for TMI-1 has been amended several times since issuance. For consistency, we request a copy of the Operating License as it currently reads be sent to us.

Sincerely,

H. D. Hickill
Director, TMI-1
