RE: Perry Nuclear Power Plant
Docket Nos. 50-440; 50-441
Stainless Cladding Inside
Containment RDC[19(80)]

Dear Mr. Keppler:

This letter is to provide additional information on our progress regarding the Suppression Pool Corrosion Monitoring System (SPCMS).

The system has been installed and is functional consistent with the commitments stated in our letter of October 30, 1984. Collection of preliminary data will be in progress through the start-up of Unit 1.

The monitoring plan is currently being finalized and will be incorporated into plant procedures. The procedures will be in place by May 15, 1985.

Sincerely,

Murray R. Edelman
Vice President
Nuclear Group
