Mr. Harold Price  
Director of Regulation  
U.S. Atomic Energy Commission  
Washington, D. C. 20545

Dear Mr. Price:

We would like to have copies of all information in the public document room regarding the activity relating to environmental monitoring of the Oyster Creek, N. J. nuclear plant, including verification of their release rates since the initial start up in 1969.

Thank you for your assistance.

Sincerely,

*John K. Mustard*
