

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

June 29, 1983

CHAIRMAN

MEMORANDUM FOR: Legal Assistants  
FROM: C. W. Reamer *CWR*  
SUBJECT: SHOREHAM CERTIFIED QUESTION ON LOW-POWER  
AUTHORIZATION (SECY-83-215A)

I received a call this afternoon from Herb Brown informing me that the County will file a motion today requesting that the Commission defer its decision on the certified question. The County wishes to have the opportunity to file a brief on the question. He also expects that a letter from the Suffolk County Executive will be sent to the Commission today. He asked that the Commissioners be informed of the above.
