SUBJECT: TRANSCRIPTS RE: INVESTIGATION REPORT NO. 4-95-011

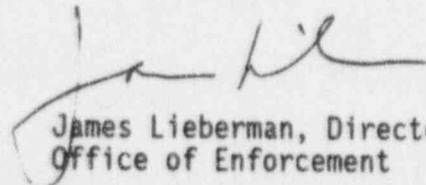

Dear Mr. Irwin:

In a letter dated December 21, 1995, my office provided you with redacted copies of the interviews with your clients, Messrs. Nick Paleologos, Bobby Lancaster, and Norman Hood, that were transcribed as part of the NRC Office of Investigations review that resulted in a predecisional enforcement conference being held between NRC and TU Electric and your clients on January 16, 1996. In addition, our December 21 letter informed you that the redacted versions of these transcripts would not be placed in the NRC's Public Document Room until after the NRC had made a determination on enforcement action in this case.

Since an enforcement decision has been made on this matter, I am now providing you with the enclosed copies of your client's redacted transcripts. This letter, in addition to the enclosures, will be placed in the NRC's Public Document Room.

In a January 18, 1996 letter, you advised NRC that in your view, the redacted transcripts you were provided as enclosures to our December 21 letter, contained further information that should be withheld from public disclosure. We have reviewed the recommended additional redactions that your January 18 letter provides and agree that the additional redactions are necessary to protect personal privacy information. The enclosed transcripts reflect these additional redactions.

Sincerely,

James Lieberman, Director
Office of Enforcement
