ORDER APPROVING JOINT STIPULATION  
CODIFYING CERTAIN ADMITTED CONTENTIONS

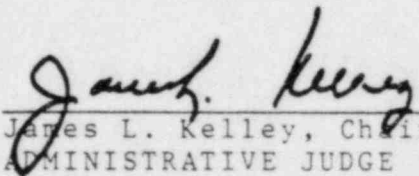

On October 12, 1984, the Atomic Safety and Licensing Board was served with a Joint Motion, filed by several parties to the captioned proceeding, requesting approval of the "Joint Stipulation Codifying Certain Admitted Contentions" attached thereto.

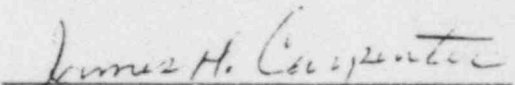

According to the Joint Motion, the subject Stipulation was entered into by Mr. Wells Eddleman, the NRC Staff, and the Applicants, to memorialize their agreement on the precise wording of certain contentions which were admitted in part, but not codified, by the Board's June 14, 1984 "Further Rulings on Admissibility of Offsite Emergency Planning Contentions Submitted By Intervenor Eddleman," and by the Board's August 3, 1984 "Final Set of Rulings on Admissibility of Offsite Emergency Planning Contentions, Ruling on Petition For Waiver of Need For Power Rule, and Notice of Upcoming Telephone Conference Call."

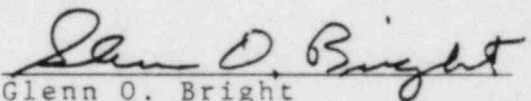

The Joint Motion is hereby GRANTED and it is hereby ORDERED that Eddleman Contentions 30, 57-C-3, 57-C-7, 57-C-10, 57-C-13, 213-a, 224, and 240 are codified for litigation as specified in the Joint Stipulation.

The Board wishes to thank the parties for their efforts in reaching an agreement on the wording of these contentions.
