Docket Nos. 50-325  
and 50-324

Mr. Lynn W. Eury  
Executive Vice President  
Power Supply  
Carolina Power & Light Company  
Post Office Box 1551  
Raleigh, North Carolina 27602

Dear Mr. Eury:

SUBJECT: REQUEST UNDER 10 CFR 20.302 FOR ON-SITE DISPOSAL OF CONTAMINATED  
DREDGED SANDS AND SEDIMENTS AT THE BRUNSWICK STEAM ELECTRIC PLANT,  
UNITS 1 AND 2 (TAC NOS. M81826 AND M81827).

By letter dated October 9, 1991, the Carolina Power & Light Company (CP&L)  
submitted a request pursuant to 10 CFR 20.302 for the on-site disposal of  
dredged sands and sediments from the discharge canal of the Brunswick Steam  
Electric Plant, Units 1 and 2.

However, pursuant to 10 CFR Part 150, the NRC has relinquished to the State the  
authority to regulate by-product material in the State of North Carolina. Thus,  
permission for burial of by-product material in the State of North Carolina  
must be issued by the State licensing agency. The NRC liaison with the State  
of North Carolina indicated that Mr. Richard M. Fry, Deputy Director, Division  
of Radiation Protection (919-571-4141) is heading the State of North Carolina's  
review of CP&L's request.

Sincerely,

Original signed by:

Ngoc B. Le, Project Manager  
Project Directorate II-1  
Division of Reactor Projects - I/II  
Office of Nuclear Reactor Regulation
