Dear Mr. Schlecht:

In response to your request in your letter dated February 21, 1996, in which you informed us about combining your Quality Assurance (QA) Program Approval for Radioactive Material Packages, Approval No. 0714 with Approval No. 0420, Revision 7, we hereby terminate No. 0714.

If you are an NRC licensee and conduct activities under the General Licenses of Subpart C of 10 CFR Part 71, or an Agreement State Licensee subject to the requirements of 10 CFR Part 71, as required by 10 CFR § 150.20, a QA Program approved by the Commission as satisfying the provisions of Subpart H of 10 CFR Part 71 is required. Since you no longer have a valid QA Program Approval, the General Licenses of Subpart C of 10 CFR Part 71 and registration under the provisions of 10 CFR § 71.12, to transport or deliver licensed material to a carrier for transport are terminated.

Please note that records required by 10 CFR §§ 71.91 and 71.135 are to be retained for a period of three years.

Sincerely,  
Original Signed by
