Safety Issue (USI) A-46 Summary Report Submittal Extension

(TAC Nos M83588, M83589, M69426, and M69427)

Gentlemen:

By letter dated October 16, 1995 (0CAN109505), Entergy Operations responded to Supplement 5 to Generic Letter 88-20 and committed to submit the IPEEE/USI A-46 summary reports by March 31, 1996. Entergy Operations has recently experienced unexpected delays in receiving the final information needed to complete the summary reports for Arkansas Nuclear One, Units 1 and 2. Therefore, additional time is necessary in order to compile and review the final reports. In order to allow sufficient time to complete the summary reports, Entergy Operations intends to extend the submittal date to May 31, 1996, for the IPEEE/USI A-46 summary reports. Should you have any questions, please contact me.

Very truly yours,

Dwight C. Mims
