Dear Mr. Reed:

We have received your letter dated June 8, 1992, which transmitted the proposed scope of participation and objectives for the remedial exercise at the Quad Cities Station scheduled for July 16, 1992. This remedial demonstration is part of the corrective actions in response to the performance weaknesses identified during the April 1992 emergency preparedness exercise. We have reviewed your submittal and have determined that the proposed scope of participation and objectives are acceptable.

If you have any questions or wish to revise your scope of participation or the objectives, please have your staff contact Mr. T. Ploski of my staff at (708)790-5634.

Sincerely,
