Docket No. 50-160

Georgia Institute of Technology  
Nuclear and Biological Sciences Division  
ATTN: Mr. Robert S. Kirkland  
Reactor Supervisor  
Atlanta, Georgia 30332

Gentlemen:

In accordance with your application received by us on March 11, 1968, as amended, Construction Permit No. CPRR-116 is enclosed. This permit authorizes you to make the requested modifications to your existing research reactor. As required by Commission regulations, the enclosed Notice of Issuance of Construction Permit has been filed with the Office of the Federal Register for publication.

Upon satisfactory completion of the modifications to the reactor as verified by a representative of the Commission's Regulatory Operations Office, the Commission will consider issuance of an amended facility license (No. R-97) authorizing operation of the reactor at power levels up to 5 megawatts (thermal).

Sincerely,

  
Donald J. Skovholt  
Assistant Director  
for Operating Reactors  
Directorate of Licensing
