Subject: Quad Cities Unit 1, Assessment of identified core spray piping flaws

Reference: Quad Cities Unit 1 Core Spray Flaw Evaluation Report No. SL - 5060,
Revision 0, dated March 28, 1996

ComEd's report on identified flaws in the core spray piping of Quad Cities, Unit 1 is provided. Reference no. 1 provides core spray piping inspection results along with a detailed assessment and summary of the calculations and evaluations performed as part of the flaw evaluations. The evaluation report also includes a safety assessment of the as found conditions as well as bounding postulated conditions.

If you have any comments or questions, please contact Ms. Sharon Eldridge at ext. 2340 or myself at ext. 3600.
