Gentlemen:

SUBJECT: NRC INSPECTION REPORT NOS. 50-325/92-17 AND 50-324/92-17

This refers to the inspection conducted by A. Gooden of this office on May 26-28, 1992. The inspection included a review of activities authorized for your Brunswick facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.

The enclosed Inspection Report identifies activities that violated NRC requirements that will not be subject to enforcement action because the licensee's efforts in identifying and/or correcting the violation meet the criteria specified in Section VII.B. of the Enforcement Policy.

We are concerned about the adequacy of your emergency response program for non-radioactive toxic materials. Consequently, certain details from this inspection were provided to the North Carolina Department of Labor, Bureau of Compliance for review and disposition.

In accordance with 10 CFR 2.790(a), a copy of this letter and its enclosure will be placed in the NRC Public Document Room.
