Gentlemen:

Subject: Withdrawal of Violation Concerning Inadequate Document Control
(Inspection Report 50-277/84-20 and 50-278/84-16)

On May 8, 1984, we transmitted to you Inspection Report 50-277(278)84-08 which noted a violation concerning inadequate document control. Your corrective actions for this violation were described in your June 5, 1984 response. The subject inspection identified additional instances of inadequate document control. In your letter of August 31, 1984, you requested we reconsider the subject violation because certain corrective actions described in your June 5, 1984 response, which were intended to prevent recurrence of such deficiencies, were still in progress.

Based on our further review of the corrective actions described in your June 5, 1984 response, we have determined that those actions should prevent future recurrences of such deficiencies and were initiated prior to the identification of the subject violation. We are, therefore, withdrawing the subject violation. Based on a discussion between J. H. Williams, NRC Resident Inspector at Peach Bottom and R. S. Fleischmann, Plant Superintendent, on October 30, 1984, we understand that in the future your staff will provide complete and timely information regarding apparent violations when they are identified by our inspectors. We believe this will be of mutual benefit.

Thank you for your cooperation.

Sincerely,
