Joseph M. Farley Nuclear Plant
Security Plan - Revision 23

Gentlemen:

Enclosed are four copies of Revision 23 to the Joseph M. Farley Nuclear Plant Security Plan. Revision 23 reflects changes to Section 4.1.1 as a result of comments from your April 1, 1992 letter to Mr. W. G. Hairston, III. All elements of Regulatory Guide 5.66 have been implemented to satisfy the requirements of 10CFR73.55. Also enclosed are four copies of pages to the Table of Contents which were inadvertently left out of the March 13, 1992 submittal of Revision 22 to the Security Plan. Changes have been made under the authority of 10CFR50.54(p) and do not decrease the safeguards effectiveness of the plan. This letter and enclosures also constitute the report required by 10CFR50.54(p)(2).

Respectfully submitted,

J. D. Woodard
