Docket No. 50-331

Iowa Electric Light and Power  
Company  
ATTN: Mr. John F. Franz, Jr.  
Vice President, Nuclear  
IE Towers  
P. O. Box 351  
Cedar Rapids, IA 52406

Dear Mr. Franz:

I am responding to your May 29, 1992, letter requesting operator initial and requalification exam date changes in 1993. Because all changes are within the National Exam Schedule, as identified in NRC Generic Letter 91-12, and all licensed operators will have the opportunity to participate in an NRC administer requalification exam prior to their licensr. renewal date, the changes are acceptable.

We will work with your staff to establish specific examination dates.

Your prompt identification and notification of the exam schedule changes is appreciated. Should you have any specific questions, please contact Michael Jordan at 708/790-5552.

Sincerely,

original signed by
