Lock Box 81
Dallas, Texas 75201

Gentlemen:

This refers to the inspection conducted by Mr. H. D. Chaney of this office during the period October 31 through November 2, 1984, of activities authorized by NRC Construction Permits CPPR-126 and CPPR-127 for Comanche Peak Steam Electric Station, Units 1 and 2, and to the discussion of our findings with R. A. Jones and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included emergency preparedness, radiation protection, and NUREG-C737 action items. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. These findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

"Original Signed by:"

D. R. Hunter, Chief
