U.S. NUCLEAR REGULATORY COMMISSION ATOMIC SAFETY AND LICENSING BOARD Docket No. 50-352,353 Re: PHILA.ELEC. CO. Liverick Gen.Sta. Units 1 & 2. January 3,1985 MOTION BY R.L.ANTHONY/FOE TO SUBPOENA RONALD WAGENMANN TO TESTIFY AS TOWNSHIP

MANAGER OF UPPER MERION ON OUR CONTENTION LEA-24/FOE-1 AS IT APPLIES TO KING. OF PRUSSIA AND VALLEY FORGE PARK, BOTH WITHIN THE TOWNSHIP.

We came to the hearing today prepared to creaseramine Mr. Wagepmann as our witness when LEA had served on our behalf to appear at 1: pm. Mr. Wagenmann did not appear, and we were informed by LEA that they had agreed to a stipulation with PECe and he had been informed that he would not have to appear. We informed the Beard that we could not agree to any stipulation which prevented Mr. Wagenmann from testifying on the substance of our contention as accepted by the Board (below):

These areas (Valley Forge Park and King of Prussia, as to Anthony/FOE's contention) should either be included in the Emergency Planning Zene or adequate plans for traffic control and direction should be made to avoid adverse effects on the EPZ evacuation.

There is no way for our case as it relates to the inclusion of King of Prussis in EPZ or traffie control and direction them unless someone who knows the situation and has authority, testifies before the Board and the specific details are recorded in the transcript. Without this our contention will have been arbitrarily closed out without a hearing and the record will be incomplete. In a written request to the Upper Merion Board of Supervisors we Lasked the supervisors to testify and to authorize Mr. Wagenmann to represent the township. It did not seen possible for the Supervisors to appear but Mr. Wagenmann is available to inswer a subpoena.

We, therefore, request that the Beard honor our right to call a witness to testify on our contention and that witness, Ronald Wagenmann, be issued a subseena te testify on behalf of Anthony/FOE on Monday, 1/7/85 at 12 noon or as soon thereafter as the Beard can arrange.

We call the Board's attention to the Memorandum and Order of AB, dated 12/14/84 in response to our appeal of 12/10/84 (p.3) "A party's opportunity for crossexamination is not to be taken lightly; it is an important ingredient of a fair hearing." AB further sets forth the basis for review under 10 CFR sec. 2.718 (i) and 2.785 (b) (1): (AB 12/14/84 p.2.)

A party seeking review by this means must show that the Licensing Board's action "either (a) threatens the party adversely affected with immediate and serious irreparable harm which could not be remedied by a later appeal, or (b) affects the b-sic structure of the proceeding in a pervasive or unusual solos0297 850103 PDR ADOCK 05000352 PDR

We assert that the Board's action today in cutting off the possibility of Mr. Wagenmann testifying on our behalf on the full extent of our contention threaten: us with the loss of our contention, which is an"irreparable harm" and prejudices our case and "the basic structure of the proceeding". s Serv. Respectfully submitted, ec: LB Judges, NRC Staff Coursel, Docketing Serv. R. PEC, LEA, Connonwealth FEMA. My address remains the Same Rolert h. Authon
