Gentlemen:

We have received a copy of your application dated August 12, 1983, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application transmitted the inservice inspection program and requested relief from certain ASME Code requirements for the Edwin I, Hatch Nuclear Plant Unit Nos. 1 and 2. Fees pursuant to 10 CFR 170.22 of the March 23, 1978 regulations were not remitted with your application.

Based on information provided by the ONRR staff as the result of their preliminary review of your application, it has been determined that a Class III fee (\$4,000) and a Class I fee (\$400) are appropriate since the review will involve consideration of a single safety issue and a duplicate unit. Therefore, you are requested to remit the sum of \$4,400 to this office. If the ONRR staff's final review of your application reveals that these fees are not appropriate, you will be notified and any necessary adjustments will be made.

Sincerely,

Original Signed by:
