Mr. A. Bert Davis
 Administrator
 Nuclear Regulatory Commission Region III
 799 Roosevelt Road
 Glen Ellyn, IL 60137

Dear Mr. Davis:

The 1990 and 1991 Annual Environmental Operating Reports for Braidwood Station were submitted in April of 1991 and 1992, respectively, in accordance with our technical specifications. Since the submittal, some clarifications and corrections have been identified. The attached errata sheet identifies the clarifications and corrections to update the reports information previously provided.

Two copies of the attached errata are provided for your use. All previously distributed annual report recipients will also receive the errata update.
