Re: **In the Matter of Public Service
Electric and Gas Company
(Hope Creek Generating Station)
Docket No. 50-354-OL**

Dear Mr. Thurber:

Pursuant to our telephone conversation, enclosed is a replacement of the Action Plan Manhour graph attached to Interrogatory 68 (Management Competence) of the Third Set to more clearly illustrate the lines. This will also confirm that the QA Trend Summary referenced in Interrogatory 19 was provided with the response to the Request for Production of Documents as with other references rather than being attached as indicated in the response.

Very truly yours,

Richard Fryling, Jr.
