Reference: 1) Letter dated April 16, 1992, from W. D Reckley,
USNRC, to B. D. Withers, WCNOG
2) Letter ET 91-0026 Dated February 1, 1991, from
F. T. Rhodes, WCNOG, to the USNRC
Subject: Docket No. 50-482: Response to Request for
Additional Information on the "Transient Analysis
Methodology for the Wolf Creek Generating Station"

Gentlemen:

The purpose of this letter is to submit Wolf Creek Nuclear Operating Corporation's (WCNOG) response to a Request For Additional Information (RAI) provided in Reference 1. The RAI concerns WCNOG's "Transient Analysis Methodology for the Wolf Creek Generating Station" which was submitted in Reference 2.

As discussed in Reference 2, it is again respectfully requested that the Attachment to this letter be regarded as proprietary information, in accordance with the provisions of 10 CFR 2.790, and be withheld from public disclosure on the grounds that it contains trade secrets and confidential commercial information. The affidavit, which accompanied Reference 2, sets forth the basis by which this information should be withheld from public disclosure by the Commission and addressees.

If you have any questions concerning this matter, please contact me or Mr. S. G. Wideman of my staff.

Very truly yours,

Forrest T. Rhodes
Vice President
Engineering & Technical Services
