

DEC 14 1983

Docket Nos.: 50-424, 50-425

Mr. Donald Foster
Vice President and General Manager
Georgia Power Company
333 Piedmont
Atlanta, Georgia 30302

Dear Mr. Foster:

Subject: Licensing Schedule for Vogtle Units 1 and 2

This letter is to inform you of the recently finalized schedule for NRC staff review of the Vogtle Units 1 and 2 operating license application (Enclosure 1). The formal date for initiation of the review is February 1, 1984 rather than upon docketing of the application in order that NRC resources will be utilized efficiently. However, the staff fully intends to meet Georgia Power's fuel load schedule and will devote staff resources as necessary.

If there are any questions on the licensing schedule, the project manager, Melanie Miller, can be reached at (301)492-4259.

Sincerely,

Thomas M. Novak, Assistant Director
for Licensing
Division of Licensing
